- **Review of Minutes:** Ryan Flitton
- **Trust Land Money Discussion:** Technology and blended learning are still a priority with Davis School District. As well as person learning geared toward individual student needs. District would like to see a ratio of 1:1 on devices by next year. This could only happen if Trust Land Money was used to help with needed funds. Lincoln would need approximately an additional \$53,000.

The following are possible options.

1. By receiving the additional \$53,000 all grades would meet the 1:1 ratio except for Kindergarten.
2. By receiving an additional \$38,000 all grades would meet the ratio with an exception of Kindergarten and four additional teachers. Two in the First grade and Two in the second grade.
3. The third option would only require an additional \$20,000 as well as using the refresh and replace budget to maintain current devices and purchase additional iPads.
